About This Game

Observe. Plan. Execute. ADAPT.

The latest chapter in the award-winning series, SNIPER ELITE 3 takes players to the unforgiving yet exotic terrain of North Africa in a savage conflict against Germany's infamous Afrika Korps.

Stalk your targets through the twisting canyons, lush oases and ancient cities of the Western Desert in the deadly rush to sabotage a Nazi super-weapons programme that could end Allied resistance for good.

Use stealth, planning and execution to hunt your targets – whether human or machine. From signature long distance kills, to melee takedowns, distractions and explosive traps, you are as deadly up close as you are from afar.

It must end here. You are the turning point. Because one bullet can change history...
